## Featured Program - Climbing Kilimanjaro

To summit Mt Kilimanjaro, the world's tallest free-standing mountain at just under 6,000 m (20,000 ft), on a breathless, blue sky dawn, surely rates as one of life's great experiences.

We guide your endeavours all the way including pre-climb briefings, suggested training programs and comprehensive gear lists. Our guides and crew are the very best on the mountain - very experienced and very highly trained. Safety is the key concern. Our guides test oxygen blood saturation twice daily and carry oxygen en route. Read more on this adventure here [Kili](#).

## Upcoming Adventures - San Diego Hiking

To cap off our spring adventure training program we will be tackling the summit of Mt. San Jacinto which sits 10,833 feet above Southern California. This is going to be a great finish to the series of training hikes that we've had in San Diego with an 11 mile round trip hike to the top.

- Date: Sunday May 13th
- Route: Marion Mountain Trail
- Cost: \$65
