## Featured Program - California Canyoneering

Imagine you are hiking and rappelling down through an amazing canyon with waterfalls, boulders and stunning granite walls and you stop to look up and see the skyline of Los Angeles. This is a very surreal image but in fact is possible while exploring the canyons of the Angeles National Forest in East LA County. To learn more click here [Canyons](#)

In a continuation in striving to be the leader in adventure travel for San Diego, The Southern Terrain has been permitted authorization as a commercial outfitter for all of the Angeles National Forest. With this permit we will begin offering Canyoneering and hiking throughout the forest, which is located only 25 minutes from downtown LA.
